

SHAHIL MAHMUD SWAD

Aspiring Full-Stack Developer (MERN Stack)

Dhaka, Bangladesh | 01768007685 | smswad2002@gmail.com | github.com/Smswad | linkedin.com/in/shahilmahmudswad

PROFILE

Final-year Computer Science and Engineering student at East West University with hands-on experience building full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Comfortable across the stack — from database design to interactive frontend UI — and experienced working within a team on a real client-facing academic project. Also brings strong organizational and communication skills from coordinating large online communities. Seeking opportunities to grow as a software developer.

EDUCATION

BSc in Computer Science and Engineering

East West University, Dhaka — Currently in final year (10th semester), expected Dec 2027

PROJECTS

NexusBuild

Full-stack web application built as an academic team project (CSE412 – Software Engineering) for an external client, Reliance Housing Ltd. Bridges physical real estate infrastructure and digital accessibility with an interactive, map-based interface and comprehensive account and project management modules.

Tech: Node.js, React.js, MongoDB, Express.js, Figma

GitHub: <https://github.com/Smswad/NexusBuild>

Live Demo: <https://nexusbuild.vercel.app/>

FixMyCity

Civic engagement platform empowering citizens to report local issues — such as potholes, waste management problems, and street light failures — directly to relevant authorities. Aims to foster transparency and community participation for cleaner, safer, more efficient cities.

Tech: Node.js, React.js, MySQL, Express.js, MongoDB

GitHub: <https://github.com/Smswad/FixMyCity>

Live Demo: <https://fixmycity-6dcd4.web.app/>

TECHNICAL SKILLS

- Languages & Frameworks: JavaScript, React.js, Node.js, Express.js
- Databases: MongoDB, MySQL, Database Management Systems (DBMS)
- Tools: Figma, Git/GitHub, Google Workspace, Microsoft Office
- Core Concepts: Full-Stack (MERN) Development, Back-End Web Development, REST APIs

OTHER EXPERIENCE

Community & Page Administrator (Self-directed)

Facebook — Multiple large groups and pages (1,000–10,000+ members)

- Coordinated communication and moderation across multiple large online communities, managing member queries and maintaining organized, professional interactions.
- Built strong time-management, multitasking, and client-communication skills applicable to team and client-facing project work.

CERTIFICATIONS

- FinXcel — Excel Based Training & Competition, East West University Investment and Finance Club (2023)
